

What are we doing?

Upper Levels

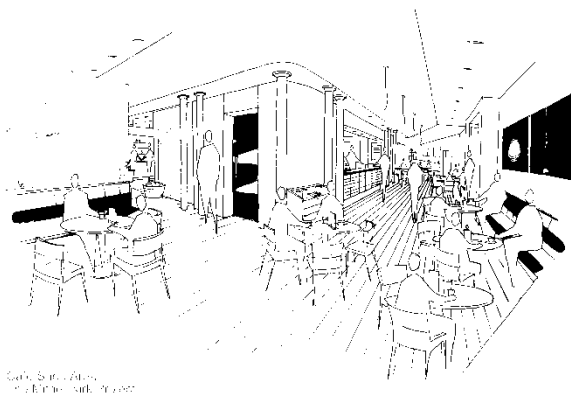

When complete, at gallery level there will be a 2-storey structure. This will have a health and wellbeing centre and a multi-purpose space on the second floor for the community to use.

Ground Level

A café, a social enterprise mall, the first stage of our health and wellbeing centre, meetings rooms, offices and a 'Changing Places' toilet.

Lower Level

A life skills training kitchen, a fitness studio, an IT suite, offices and meeting facilities. St Mary's Chapel will be fully restored and available for all to use.

In a series of phases,
the OpenSpace Trust is altering the
east end of the Kirk of St Nicholas
– Aberdeen's Mither Kirk –
to create a new and exciting
community facility bringing new life
into the very heart of the city.

Registered Office: 12-16 Albyn Place, Aberdeen AB10 1PS

It is an exciting blend of restoration and the creation of new spaces open to all. Before the redevelopment of the east end of the Kirk of St Nicholas building could begin there was an archaeological dig lasting nearly a year. This uncovered many unusual finds, including an 11th century apse (the oldest wall and floor in Aberdeen) and a medieval staircase. These will be incorporated into the building and some other artefacts will be displayed.

The redeveloped building will have improved physical and sensory access to enable visitors to enjoy and appreciate both the new facilities and experience the heritage of the building.

The OpenSpace Trust is aware of its obligation to retain and conserve many of the original features in this Category A Listed building. These will include the magnificent stained glass (some thought to be more than 150 years old), the moulded ceiling and the historic St Mary's Chapel dating from the 15th century.
